Year 4 Project – RAF Cosford

Dear Parents,

Over the last term, Year 4 pupils have been exceptionally lucky to take part in a fantastic project linked to RAF Cosford. Pupils have had the opportunity to voice their ideas and design a garden and education space that will be built at RAF Cosford over the next couple of years. Pupils have shared a range of fantastic ideas that have been taken on board and shared with the team at RAF Cosford.

To enhance this project, pupils have taken part in a range of creative crafts including: pebble painting, 3D clay sculptures, rocket building and seed planting.

The final session allowed pupils to share their feedback about the project to support projects in the future.

To showcase all of the work the pupils have designed and created over the last term, our ambassadors from RAF Cosford are going to display all of our pieces at the museum, week commencing: Monday 27th May. This display will be up until Monday 3rd June. This is a fantastic opportunity to delve into the pupil's learning and for pupils to share their knowledge about the project.

Pupils have worked extremely hard throughout the project and I am honoured to have this work shared with the wider community throughout half term.

I am hoping you have the opportunity to visit RAF Cosford during half term to view this fantastic display.

Best wishes,

Miss Ayling

Year 4 Teacher
