Birches First School

Believe, Grow, Succeed …

…to be the best '**me**' I can be.

Wednesday 13th November

Year 3 Lego Coding Workshop

Dear Parents,

In Autumn 1, Year 3 learnt about Coding during Computing sessions and have been using a range of different programmes to support their understanding of coding. To consolidate their knowledge, we have arranged a workshop led by the team at RAF Cosford, to create a Lego creature using coding software on **Tuesday 17th December.**

The workshop will be held at school and the day will be split into 2 sessions. Pupils will design and create their own Lego creature. Then they will join a workshop where they will learn how to use the coding software to programme their creature to move.

The cost of the visit is £2.00 per pupil. Payment for the workshop is made via ParentPay by **Friday 13th December.** When you make the payment, you are **giving permission** for your child to attend the workshop.

We look forward to an enjoyable day.

Yours sincerely,

Miss Cartwright

Year 3 Class Teacher
