Believe, Grow, Succeed ...
...to be the best 'me' I can be.

12th November

Year 4 Lego Coding Workshop

Dear Parents,

This half term, Year 4 have been learning about Coding during Computing sessions. We have been using a range of different programmes including Microbits to support our understanding. To consolidate their knowledge, we have arranged a workshop led by the team at RAF Cosford, to create a Lego creature using coding software on **Tuesday 17th December**.

The workshop will be held at school. The day will be split into 2 sessions. Pupils will design and create their own Lego creature and then join a workshop where they will learn how to use the coding software to programme their creature to move.

The cost of the visit is £2.00 per pupil. Payment for the workshop is made via ParentPay by **Friday 13th December**. When you make the payment, you are **giving permission** for your child to attend the workshop.

We look forward to an enjoyable day.

Yours sincerely,

Miss Ayling

Year 4 Teacher
